WEDNESDAY MORNING, NOV. 4, 1850.

Intelligence from Oregon.

The steamer California, Capt. Budd, belonging to the Pacific Mail Steamship Company, has returned from Oregon, bringing us papers from Oregon City and Milwaukie to the 21st Nov., for which we are indebted to the gentlemanly Purser of the California, Mr. Chas. F. Lott.

The intelligence by this arrival, although interesting, is not of an important character. Gov. Gaines had issued a proclamation, declaring the following persons elected members of the Legislative Council :

Yam Hill County.—James McBride.
Polk County.—F. Waymire.

The following gentlemen were returned as duly elected members of the House of Representatives, viz :

Benton County.—J. C. Avery, Wayman St. Clair.
Clackamas County.—Benjamin Simpson, William T. Matlock, Hector Campbell.
Clark, Clatsop and Lewis Counties.—Freeman P. Powers.
Linn County.—William Allphin, Elias L. Walters.
Marion County.—William Shaw, William Parker, E. H. Bellinger.
Polk County.—H. N. V. Holmes, N. Tharp.
Washington County.—Ralph Wilcox, Wm. M. King.
Yam Hill County.—Ransom Clark, William J. Martin, Aaron Payne.

The death of Hon. E. H. Bellinger, member of the House, from Marion county, occurred subsequently, and a special election was ordered for Nov. 25th, to fill the vacancy.

Our old friend, Thomas J. Dryer, had arrived at Portland, the place of his destination, but we do not learn that he had yet issued his paper, "The Oregonian."

From Milwaukie, Oregon, we are in receipt of the first number of a beautiful new paper called "The Western Star," published by Mr. L. Whitcomb, which, we are glad to perceive, is soundly democratic. It speaks as follows of its birth-place :

Milwaukie.—For the benefit of strangers and business men abroad, who may wish to subscribe or write for our paper, or having other business matters, will find us located upon the Willamette river, about half-way between the two flourishing towns, Oregon City above, and Portland below.

Milwaukie, as a town, is but little more than one year old, and numbers more than five hundred inhabitants, with fair prospects of a rapid increase. There is in this place a good school, post office, tin shop, cabinet manufactory, shoe shop, blacksmith shop, three stores, printing office, warehouse, three taverns, two saw mills, a saw mill and a grist mill being built, also, a steamboat for the river navigation, between Oregon city and Pacific city, touching at every point where there is business. W. L. Hanscom, master builder, to whom great credit is acknowledged to be due by every one who has examined the same, has kindly furnished us with a statement of her dimensions, which are as follows: length 160 feet, beam 24 feet, depth of hold 6 feet 10 inches, breadth over all 42 feet 7 inches, diameter of wheels 19 feet, length of bucket 7 feet, dip 1 foot 8 inches, draft of water 3 feet 2 inches. She is to be fitted with berths in after and lower cabins, and state rooms in ladies' cabin and on the guards.

She is well arranged for the accommodation of passengers—a fine model, and no pains have been spared to make her strong and well adapted to the wants of the country. She will be ready for launching about the 20th of December next.

☞ The brig Desdemona, belonging to Abernethy, Clark & Co., made the quickest trip but one ever made from New York to Astoria. She left New York the 16th day of May, and arrived at Astoria the 20th day of October. She is on her way up to this city. She comes freighted with goods principally for the firm, and will land within four miles of this place. [Oregon Spectator.

THE WEATHER.—No country in the world could have had a more pleasant Fall than the Oregonians have enjoyed this season—the heat congenial to health—the mornings and evenings delightful. The rainy season, which constitutes our Winter, seems to have set in ; during the week past it has rained about half the time, and the atmosphere continues lowery.

We are happy to learn from Capt. Wm. K. Kilborn, that the efforts to improve the rapids below Oregon City are likely to be crowned with success, and will be ready to receive and welcome our steamer, as soon as she can be completed. [Star, Milwaukie.

A Man Drowned.—It becomes our melancholy duty to record the death of Henry Grinhelgh, aged about 60 years, who, whilst at work upon the dam at the Clackamas rapids, fell off into the water and was drowned before he could be rescued by those present. He came from Iowa this season, and what is most remarkable, connected with his immigration to this place is, he traveled the whole distance on foot, and packed his provisions. [Spectator.

The schooner Horace arrived on Saturday last at Willamette city, foot of rapids. She has a full cargo of groceries, &c., which she will exchange for produce. [Spectator, Nov. 21.

The Oregon papers are discussing the subject of Postage Reform, and generally denounce the present rates of forty cents per letter, as exorbitantly high.

The subject of a permanent seat of Government for Oregon is also attracting attention. The next Legislature will probably decide the matter.

JENNY LIND COMING.—A gentleman from New York city has been here for some days past, as agent for Mr. Barnum, making inquiries for a suitable hall for the "nightingale." Negotiations have been pending for a lease of the new building on Fourth, between Walnut and Vine. If secured it is the intention of the agent, after the hall has been occupied by Jenny Lind in a series of concerts, to change the structure into a shape suitable for a new Museum on Barnum's plan in New York. Song of the South.

BY A MISSISSIPPIAN.

For our Country, for the Union,
Which our noble fathers made
Free and sovereign States united,
We are ready, heart and blade,
To battle till our bodies
Are pulseless, stiff and cold,
For we love the good old Union,
As that Union *was* of old.

We have read and we remember
How together once *they* stood,
And Northern hills and Southern plains
Were crimsoned with their blood.
With the stars and stripes above them,
And a Southron at their head,
How they fought and how they struggled,
Till the haughty Briton fled.

There is much to warm our bosom,
There is much to raise our pride,
As we gaze upon that banner
Under which they bled and died;
And in safety, faith and honor,
For our past and future fame,
We would live and die united,
Now and ever, still the same.

But by God, who rules the Nations,
By the blood our fathers poured,
As a band of *equal brothers*,
On the proud invader's sword;
By our one and common glory,
Of the present and the past,
When the Union brings *oppression*,
We'll resist it to the last.

Aye, whenever and wherever
Brute, tyrannic force be used;
When the bond of love, that bound us,
Shall be cancelled and abused,
To insult, and grind, and crush us,
In defiance of our right,
We will stand upon our thresholds,
We will parry, *we will smite*.

If a coward be among us,
If a slave, with Saxon face,
Let him fly, a Southron branded
With submission and disgrace.
We will scorn all timid counsels,
We will laugh at bastard fears;
And the Union, *which our fathers made*,
May last a thousand years!

Oregon Gold and Farming.

A gentleman from the country above, informed us, a few days since, that the Gold fever had broken out again, and that it was likely to carry off some of the people from about Salem. It was caused by the glowing accounts given by a party just returned from the Klamath. Gold, they say, has been taken out in $1000 lumps, and from that down to $8 lumps; that all the gold taken is found in larger lumps than the richest gold mines of California have yet yielded. The implacable hostility of the Indians renders it necessary to keep up a guard day and night. They report the killing of seven men belonging to one company.

The Indians on the Klamath and Rogue Rivers have always manifested an open hostility to the whites; particularly those who stopped on the way going to or returning from California, for the purpose of prospecting or digging on their lands. They represent the companies there as being too small to do much, as it required the greater portion of them to form the necessary guard. They think it utter folly for companies of less than 30 persons each going there, to make money. Some persons are talking about going there to winter. We do not, by this report, wish to raise an excitement here; as the trip to the Umpqua, lately performed, has convinced the more eager that to go there for the purpose of digging gold, did not pay; the opinion of many to the contrary notwithstanding.

The people here are getting somewhat used to the way reports that are gotten up to catch the inexperienced and unsuspecting. There is not much doubt in the minds of those who are likely to know, that gold exists in remunerating quantities upon the Klamath ; but the time lost in going there and returning, together with the difficulties to be encountered from Indians, makes a trip there anything else than agreeable or profitable; at this season of the year especially.

We have an agricultural country superior to any on the continent : it is worth more than all the gold mines in America. The farmer here is the most independent we have ever seen. Although he labors but little, he has the wherewithal to obtain anything that he may desire. A farmer can make more money from one acre of land in Oregon, when wheat is worth only 50 cents per bushel, than he can in any of the States, off the same quantity of land, when wheat commands one dollar per bushel. The yield per acre is not only double that of the States every year, but it is a never-failing crop. For the raising of wheat, rye, barley and oats, Oregon can challenge (we might almost say the world; but our knowledge is not sufficient to warrant the expression,) to a competition the agriculturists of the entire continent.

We are aware that this may sound large to the farmers occupying the wheat growing lands of the Genessee country in New York, or to those living in the Catoctin Valley of Maryland. The fact is, the rude implements used for agricultural purposes, are a complete burlesque upon those of the States referred to. The slovenly manner in which farming is done, too, would not make the farmers' bread in the States. Several farmers have assured us they can raise 60 bushels of wheat to the acre. We confess that that is more than we have ever seen ; but these men tell us they have the documents to prove its truthfulness. [Oregon Spectator.

A CATHOLIC ARCHBISHOP IN AMERICA.—We learn from the New York papers that Pope Pius IX. has constituted five archbishops in this country, and that the principal one is erected in that metropolis, Bishop Hughes being appointed the first Archbishop. The brief of the Pope was dated the 19th of July, by which the See of New York has been erected, at the request of the late Provincial Council of Baltimore, into an Archepiscopal See, with the Sees of Boston, Hartford, Albany and Buffalo, as Suffragan Sees. The brief is signed by Cardinal Lambruschini, and is sealed with the seal of the fisherman, as it is called, a small seal representing St. Peter seated in a boat, drawing up a net, and having the inscription—PIUS IX. PONTIFAX MAXIMUS.

A LONG NOSE.—A Paisley manufacturer having got, by accident, a severe cut across the nose, and having no court plaster handy, stuck on his unfortunate proboscis one of his gum tickets, on which was the usual intimation : "warranted 360 yards long."

☞ The Ohio State Journal has adopted the cash system. Every newspaper in the land should adopt the *cash principle*. Those who have done so are the most successful.

☞ A subscriber to the Burlington Sentinel recently paid his 43d year's subscription to that paper.

Fancy Ball at Louisville.

The Louisville *Courier* has a long account of the grand fancy ball, given on the 25th ult., by Mrs. Robert J. Ward, the lady who figured so conspicuously in the Lawrence divorce correspondence. The following description of the appearance of the late Mrs. Bigelow Lawrence will interest the ladies :

Miss Sallie Ward, as usual, was the centre of attraction. She appeared during the evening in two splendid costumes, each of which was peculialy becoming. Before supper she was *Nourmahal, the light of the Harem*. She wore a pink satin skirt, with silver lamms over it, and a boddice embroidered with silver and studded with diamonds; her oriental sleeves were of white, adorned with silver and gold, and her trousers of satin, spangled with glittering gold ; her hair was braided with pearls and covered with a beautiful Greek cap, and her tiny pink slippers were gorgeously embroidered with silver. The splendid jewels profused over this magnificent costume threw back the light which fell upon them as if in sheer disdain of inferior effulgence. Her second appearance was *Nourmahal at the Feast of Roses*. Her dress was white illusion dotted with silver, white silvered veil, wreath of white roses, white silk boots with silver anklets, and she bore the charmed lute. In this latter character she was truly a beautiful exemplification of the poetical thought she represented. Always sweet and fair, and lovely and beautiful, she was, if possible, more so during that evening, and her different characters were sustained incomparatively excellent.

ANOTHER TRIUMPH.—Shortly after the arrival of Jenny Lind at Boston, a very painful event occurred there, which we learn has very seriously affected her. It appears that in the house where apartments were provided for her, there was a very superior mocking bird, whose powers of mimicry and song were such that he had silenced both the feathered and feline circles there—canary birds and cats giving up all attempts to outmatch him in their respective notes. He was removed into the same room with Jenny—who was charmed with him. After finishing one of her simple songs, "Bob" tuned his pipes and gave out a very fair imitation; the admiration of Jenny was unbounded : she tried him in a snatch from the celebrated "cavatina" in "Il Puritani :" "Bob," after one or two leaps from perch to perch, spread his tail in exstacy, filled his chest again, and run over all those beautiful notes as accurately as if they were the mere echo of the thrilling notes of Jenny.

Mr. Barnum, who stood by, became alarmed; he knew the owner of the bird had too long a pocket to admit of a possible hope of his willingness to part with him, or even enter into "an engagement" on any terms—and here was a bird equal to Jenny thus far. Jenny, however, seeing the consternation of her friend, sprang to the piano, and struck off in her best style, her celebrated "Swedish Echo Song"—

> "Schielmeert vax under heil vlarting
> Weighegh!—ha!—weigheugh!"

"Bob" listened—sprang to his water jar and took a sip—listened again—shook his feathers, and began. For a note or two, he succeeded admirably; but when he came to that point where the voice of Jenny leaves the earth and turns a summerset in the clouds, poor "Bob" faltered ; he was seen to struggle hard, reeled, and fell dead from his perch in a lock jaw.—[N. Y. Mirror.

Can a Governor be Indicted ?

A Grand Jury in Louisiana having indicted Governor Quitman, for participating in the Cuba expedition, it has raised the question in Mississippi, in what way can the Governor of a State be made amenable for a violation of the criminal laws of another State, or of the United States. A "requisition upon the Executive," for the body of the offender, or, in other words, a call upon "Governor" Quitman, of Mississippi, to deliver up the body of John A. Quitman, is made by the Executive of Louisiana, and how will it be responded to is a question for the knowing ones to answer. The constitution of Mississippi provides that before a Governor of that State can be tried for a criminal offense, he must be impeached by the House of Representatives, and removed by the Senate. This refers to offenses committed against the laws of that State, but may be construed to embrace the violation of the criminal laws of any other State, or, as in the present case, of the United States. It will, therefore, be the duty of the U. S. District Attorney for Louisiana, to lay before the House of Representatives of Mississippi, the "true bill" found against Gov. Quitman, and call for his impeachment—a call which we suppose will end as successfully as the famous "requisition" of Glendower :

> "I can call spirits from the vasty deep ?
> *Hotspur*—Why so can I, and so can any man,
> But will they come when you call for them ?"

[N. Y. Express.

SOMETHING MUST BE DONE.—The editor of the Providence Journal, in a satirical article on the subject of publishers of newspapers working for nothing and finding themselves, says :

"We have noticed several atrocious cases where editors have had the audacity to demand pay for cost of publishing matters of the highest public importance, such as resolutions of thanks to steamboat captains, puffs of new schools, ward meetings for charitable objects, political meetings, marriages, and obituary notices of infant children. Something must be done to put a stop to this, or editors will soon begin to think that they have the same rights as other people."

A NEW PLATFORM.—An aspirant for a county office being asked what his political principles were, announced his platform :—"I am, sir, in favor of the next war, opposed to the cholera, in favor of high salaries, opposed to uncurrent funds and poor brandy."

☞ They debate strange questions down East. The last was, "What is the difference between the Bridge of Sighs and the size of a bridge ?" The next is to be, "The difference between a fac simile and a sick family."

SIGNIFICANT.—When Dr. Francis visited the birth-place of Robert Burns, he said to the widow of the immortal bard, "Your husband, madam, was a magnificent poet; his name was well known and honored throughout America; he was truly a great genius." "I have been told so *since his death*," was the reply.

☞ Taking babies to church and theatres is rightly termed a "crying sin."

MISCELLANEOUS.

PROSPECTUS
OF THE
SAN DIEGO HERALD.

> "There the large olive rains its amber store
> In marble founts, there grain, and flower, and fruit,
> Gush from the earth until the land runs o'er."
> (Byron.

The undersigned beg leave to announce to the public of California generally, and to the English-speaking population of Southern California in particular, that they intend to publish a newspaper at San Diego, under the above title, the first number of which will be issued about the first of January, proximo.

Terms of subscription, $12 per annum. In politics, the San Diego Herald will be *independent*, but not neutral; it will be the organ and engine of no party,—but the impartial advocate of such measures as shall seem best calculated to promote the general welfare of the State, and advance the local interests and property of Southern California, or more immediately of the District of San Diego.

Its design, however, will by no means be to engender any sectional jealousies, or to encourage any measures at variance with the unity and harmony of the State. Its paramount object will be to describe the localities and unfold the resources of "the sunny and luxuriant regions of the South"—to watch over their social and administrative interests,—and to promote their welfare by every legitimate means and influence which the press can employ.

To the American residents in Southern California, the publishers will look for their principal support; and considering the expense of the undertaking and its immediate importance to the local interests of San Diego, it is hoped that the publication will meet with their liberal encouragement. Among the inhabitants, however, of the Northern districts, the *San Diego Herald* will expect to have many readers desirous to obtain authentic information and periodical intelligence from the South. J. JUDSON AMES & CO.

LOOK AT THIS, EMIGRANTS AND OTHERS!

300 FAMILIES WANTED, WHO WISH Homes. Having completed my survey in the southern part of the city of San Jose, in all 900 lots, 25 by 47½ varas, and being desirous to have improvements go on rapidly, I propose to give 300 lots to settlers who will build a neat, suitable house on each lot, and fence the same.

I have also over 100 lots, 50 varas square, in the Old Survey of the city, which I will sell low, and give time on part. The lots I own in the Old and New Surveys of the city are decidedly the best locations for buildings, being high and dry, and never subject to overflow ; with the very best mountain water, obtained at the depth of 12 to 14 feet.

I think lumber shippers would do well to call and take a look at my lots. I will give them lots to build houses on, or will exchange lots for lumber of all kinds, or houses.

THE VALLEY.—We have a greater number of acres equal to the best Illinois land, than can be seen am wherenorth or east of us, in California; and the grain growing portions of the world, so far as I am acquainted, cannot equal us in producing wheat, both in quality and quantity: 60 bushels have been raised to the acre, and there can be seen now in the fields and gardens of our farmers, as fine crops as a majority of the States can produce at and vegetables of all kinds in abundance growing, and that too, without rain or watering.

CLIMATE AND HEALTH—Listen now : The average summer heat is 75 to 80 degrees, with cool nights; no musquitoes, day or night; no fever and ague, and no disease peculiar to the valley or town, winter or summer. We have some of the first settlers living with us yet, over 100 years of age, and one in particular, over 110, sound in body and in mind. We have had but one death out of the immigration of 1846, an old gentleman who was broken down with disease before he came to our city.

THE MORALS of our city and vicinity will, I make no doubt, compare with those of the best of our neighboring cities and towns. We are a law-abiding and a law-supporting people, and have our churches and schools as well as others.

Persons wishing lots will apply soon, to the subscriber, in the south end of the city.

THE PEOPLE OF THE STATE OF California, District of the County of Santa Clara :

Jose De Arnaz *vs.* Genoveva Garcia Mangel, Emanuel Mangel and Lorenzo Geoffrey.—Petition to foreclose mortgage, &c.

Whereas, *Jose De Arnaz* filed in this Court, on the 16th day of May, 1850, his petition, showing, among other things, that on the 20th day of December, 1849, Genoveva Garcia Mangel, the wife of Emanuel Mangel, was the owner in fee of a certain house and lot in San Jose, adjoining and in the rear of the house lately occupied by Messrs. Larrain, Benitez & Co., and fronting on Garcia street, did on that day mortgage the same, with the consent of Emanuel Mangel, her husband, to said Arnaz, to secure the sum of five hundred and sixty dollars, payable four months from date :

That afterwards, on or about the 15th day of January, 1850, said Emanuel Mangel and Genoveva G. Mangel executed a mortgage on the same premises, to one Geoffrey, of San Francisco, for about fourteen hundred dollars; which said mortgage was falsely dated the 19th of December, 1849, with intent to defeat the prior mortgage lien on said real estate, and to cheat and defraud said petitioner out of his debt. Said petitioner prays discovery and full answer to the above facts, that said mortgage to Geoffrey be set aside as fraudulent, and that said premises be sold to pay petitioner's mortgage, and for general relief.

And it being proved, by affidavit, to the satisfaction of this Court that Emanuel Mangel is a non-resident of this State, notice is hereby given to Emanuel Mangel to be and appear before the Honorable Court of the Third Judicial District, for the County of Santa Clara, on the fourth Monday of December, 1850, at the court house in San Jose, then and there to answer said petition, or, in default thereof, the allegation therein contained will be heard in your absence, and decreed accordingly.

Given under my hand and private seal, there
L. S. being no seal of office yet provided at this office, this 24th of May, A. D. 1850.

Democratic Organization.

In giving place this morning to the proceedings of the Democratic County Convention of Sacramento, we will not refrain from the expression of our gratification at the efficient manner and cordial spirit manifested in the organization of the party in that county. It is just such action as is demanded in every portion of California---in every county town, and city. With such an organization throughout the State, as has been perfected at Sacramento, there is not a *single county* that would show an allegiance to whiggery in any fairly contested election. California is Democratic from one extremity of her borders to the other, and will manifest her political predilections in the most emphatic manner at each returning contest, wherever a Democratic organization exists. The God of Nature has made her Democratic, because it is her interest to be so, and federal patronage nor influence cannot make her otherwise.

The Democracy of Sacramento have put forth, boldly and broadly, the principles in defense of which they are willing to do battle, and stand or fall by the result. They re-assert, most unequivocally, the old and well-defined principles and measures of the Democracy of the older States, and an uncompromising hostility to the Bank, the Bankrupt Law, Protective Tariff, and Distribution measures of our opponents, so often condemned and repudiated by the intelligent masses. They plant their standard upon the old Republican platform, adopting the course of the Democracy in the past, and avow such new and proper sentiments and measures as the progressive spirit of the age, and the wants of this new State seem to demand. In doing this they have acted a wise and prudent part.

The resolutions avow the policy of a division of the lands into small lots for settlement and cultivation, and the doctrine of pre-emption rights to actual settlers; opposition to the appointment of a Commission to settle the claims to lands in California, the United States Courts being the proper place for such adjudication; opposition to the bill laid before the last Congress, which assessed a tax upon American citizens for permits to work in the mines, and sends a set of hungry cormorants, as superintendents, to devour the hard earnings of those who dig the gold: opposition to any legislation whatever, by Congress, regulating mining operations, but to leave it to those who know their wants and are capable of administering them; opposition to an increase of the present tariff taxation, as calculated to curtail to a great extent, our trade with China, Chili, the Sandwich Islands, and other important commercial countries; and advocate the establishment of a mint in Sacramento.

To the principles generally, thus set forth by the Convention, the Democracy of California will return a willing response. They are such as will command their united efforts and untiring devotion. All that is required for their entire success is an efficient organization of the Democratic party throughout the State, and victory will always be ours. There is no doubt in the premises. Democratic principles *must* prevail in California, all the efforts of local Whiggery, aided by the Federal Government, to the contrary. The next Presidential election will find our infant State true to herself, to her financial and commercial interests, and to Democratic principles. The day has dawned, and grows brighter as it progresses; and the glorious news which reaches us from the Atlantic, of Democratic triumphs, will be responded to from the shores of the Pacific, with equally cheering and welcome intelligence.

☞ It is a gratifying evidence of the public appreciation of the renovated appearance of the *News*, that several hundred additional subscribers have been added to our list since Monday. We have other improvements in contemplation, which we shall carry out at the earliest moment. We don't mean to be far behind our cotemporaries either in interest or the appearance of our sheet.

Coroner's Inquest.—The Coroner yesterday morning held an inquest on the body of an aged negro who died suddenly in a room over the store of Cronin & Markley. He was employed in cleaning up the room, when he fell to the floor, and died immediately. The jury returned a verdict of "death from apoplexy." His name could not be ascertained.

Ratification Meeting.—The Democrats of Sacramento hold a grand ratification meeting to-day, to endorse the nomination of Mr. Geiger, as their candidate for member of Assembly.

Candidates for U. S. Senate.

It does not seem to suit the editor of the *Courier* that the friends of Col. Collier are determined to press his claim for U. S. Senator. Probably such a course is calculated to interfere with certain private and personal arrangements, and therefore is exceedingly distasteful to the "Judge." It is even confidently asserted by some that the Colonel has no "show" for an election, as at least twenty-eight Whig members (!) of the Legislature are already pledged to a candidate who is perfectly satisfactory to the *Courier*.

If it should happen that there are not twenty-eight Whigs elected to the Legislature, a partial disarrangement may take place in the plans formed in the sanctum of our neighbor "over the way."

As to the intimations thrown out in some of the papers, of a desire to know who was to be the candidate of the Democracy, we can say that he will be a man of the right stamp ---one to whom the interests of California may be safely entrusted; and more than all, one who will be elected.

We have many men worthy to bear aloft in the Senate of the U. S. the banner of Democracy, and we shall have little ground for differences as to persons, when the sole object of the party is to maintain and promulgate the great principles of human liberty and equality, which have raised the American nation to a degree of power and prosperity unexampled in the history of the world. We beg our political opponents, "Boots" and all, not to be uneasy as to a democratic candidate. In good time that matter will be satisfactorily disposed of by the election of the gentlemen whom we shall determine to support, "notwithstanding lamentations here or elsewhere."

Record of City Courts.

Tuesday, Dec. 3.

The Supreme Court commenced its session on Monday last. Present, Associate Justices N. Bennett and H. A. Lyons. Yesterday nothing was done.

District Court. Dec. 3d. Hon. Levi Parsons, presiding.

Montgomery *vs.* Levenworth. Final decree made.

Ferbeyre *vs.* Dufau, et. al. Dismissed.

C. A. Smith *vs.* M. Madigan. Judgment by default set aside and answer filed.

Webb et. al. *vs.* Latimer. Proceedings stayed until after argument for new trial.

Thompson *vs.* Elleard. Proceedings stayed for three days.

Merrit *vs.* Brown. Motion for sale of attached property referred to Louis R. Lull to examine and report, as referee.

The People *vs.* Wm. Greenwood. Indicted for grand larceny. Benham for State. McAllister for Defendant. The principle witness on part of the State was Dr. Biron, whose safe, containing money, jewelry, &c., it was alleged, had been stolen. The Doctor being called, took the stand, and after bowing very gracefully, and saying something to the court which was not distinctly heard, commenced with, "If it please your honor, and you gentlemen of the jury, and the public generally," and was proceeding in a set speech, when Mr Benham requested him to confine himself to the facts, and leave the talking to him. Another attempt on the part of the Doctor to deliver himself; being indistinctly heard by the jury and council, he was requested to take a position nearer to them. This would have been followed by a learned disquisition on the thorax and lungs, by way of apology for his low tone of voice, had not the court stopped him and commanded him to confine himself merely to the facts of the case. A foggy statement was thus elicited, and the witness was turned over to the counsel for defendant. *Question.*---"How long since this robbery occurred?" *Doctor.*---"I am not positive, but I think about one or two months since, more or less." *Ques.*---"Say, if you can, on what day of the month or week." *Doc.*---"Look to the Indictment and you will see." Nothing positive could be got from the witness, and his whole testimony was so incongruous and foreign, in his hot pursuit, that the District Attorney moved a *Nolle prosequi.*

The People *vs.* A. Romarro. Indictment for grand larceny. *Nolle prosequi* entered.

Stagg *vs.* Fraser. Motion to strike out amended complaint overruled.

The People, *vs.* Michael Foley. Indictment for assault with intent to kill. Bucham, for State; Gile, for defendant. At a late hour last night the jury returned a verdict of "not guilty."

Superior Court., Dec. 3d, Hon. C. Justin Shattuck, presiding.

Barstow & Pope *vs.* Allen Miner. Verdict for plaintiff $1,500. On motion, ordered that proceedings be stayed until motion for setting verdict be heard.

Wilson *vs.* Jones. Ordered that this be reinstated on payment of cost of dismissal and reinstatement.

Louerberg *vs.* Mickel & Co. The same order.

Layton *vs.* Patterson. Stay of proceedings ordered until hearing motion for new trial, which is set for Saturday next.

Spier *vs.* Ship Marshall. Proceedings stayed until hearing motion for new trial.

Bicknall *vs.* Sharpe. Continued until first Monday of Jan. 1851.

Rather High.—A State's paper before us says: "hired girls in Oregon City receive $7,338 per annum, and no questions asked." We don't know about the questions, but the wages named are pretty high.

The Amputated Arm.---By the request of the late Hon. Hardin Bigelow, Mayor of Sacramento, the arm which was amputated, was deposited in the coffin and buried with him.

Planking Streets.—The planking of the principal streets of Sacramento is now under contract, and about commencing.

BY LAST NIGHT'S BOAT.

News from the Sacramento Valley.

The New World arrived at half past 9 o' clock, last night. Freeman & Co. furnished us Sacramento papers of yesterday morning.

The election for Mayor and one Councilman, is ordered for the 14th inst.

Hon. J. R. Hardenburgh has been solicited by a large number of his Democratic fellow-citizens, to become a candidate for Mayor, and has consented.

There was admitted, during the past week, in the Sacramento Hospital, 11 patients; discharged, 5; died, 10; remaining, 64.

Ald. Queen resigned his seat as a member of the Board of Aldermen, to take effect on the 13th inst.

Five cases of cholera have occurred in Nevada city, three of which proved fatal.

The sum authorized to be borrowed, in order that the immediate completion of the Levee might be secured, has been raised, and the work will be entirely completed within ten days.

The steamer Lawrence, the *Times* learns, is likely to prove an entire loss, from the injuries received from striking upon a snag. The river has risen so as to completely cover her upper works, within the last few days.

The Democratic Nominee.—Thhe *Transcript*, in referring to character and qualifications of Mr. Geiger, the Democratic nominee for member of Assembly, remarks:

> "The Democratic party of Sacramento, in accordance with the old usages of the party, have held a convention, and after canvassing the popularity and merits of the several candidates presented, nominated Vincent E. Geiger, Esq. Mr. G is a native of Staunton, Va., where he has resided for the greater part of his life. After receiving a liberal education, he learned the art of printing, and spent several years industriously serving his employer. During this period, he acquired a strong taste for reading, which induced his friends to urge him to commence the study of law. To this he heartily assented, and in due time was admitted to practice in the usual courts.
>
> While engaged in the duties of his paofession, he yielded to the solicitation of friends, and commenced the publication of the 'Augusta Democrat,' in the strong Whig county of Augusta, Va. This journal was under his control several years previous to the breaking out of the Mexican war. During this period, Mr. G. was one of the heartiest supporters of the Administration.
>
> When Virginia was called on for a regiment of soldiers, he was one of the first to volunteer for the field. He freely used his own means to hasten the raising of troops, and was elected Lieutenant of one of the first companies of volunteers. From that time until the army was disbanded, he was in the active service of his country."

Mr. Geiger arrived in California during the summer of 1849, and like most of the early immigrants, he first turned his attention to working in the mines. He labored until overtaken by sickness, when he located himself in Sacramento city, where he has since been actively engaged in business.

The Harmonious Whig Press.

Occupying the position that the State of New York does in the political world, whatever course the two great parties of that State adopt, possesses an interest throughout the entire Union. Three years since, the Whig press gloried over the dissensions in the Democratic ranks, which ultimately led to division and defeat, and we take no little pleasure now in returning the compliment at every convenient opportunity.

The recent Whig State Convention, which broke up in disorder, is a fruitful subject of discussion by the press, and we transfer to our columns an extract or two, just to show the "Empire Boys" hereabouts the tone of Whig journals at home. The *Tribune* says:

> "This is a free country—(niggers excepted)—and there is a great deal of room in it, much of it very well adapted to the holding of Conventions. We think the bolting of the minority has rendered the testimonial in our Senator's favor about as emphatic as it well could be; but if a State Convention of its opponents be holden on purpose, so much the better, of course. All it can possibly amount to is that those engaged in it don't like Gov. Seward and think him too strongly Anti-Slavery; but they let that be very thoroughly known at the time of his election, and have just done it again. If they think it worth while to forgather at Utica to say it again, the railroads will be benefited at nobody's cost but theirs; so go ahead."

The N. Y. Courier and Enquirer, regrets that the minority did not take some other method of expressing their dissent—such as a protest, or some such expident—rather than resort to a repudiation of both ticket and platform. It says:

> "We wish the eminent and undoubted Whigs who were opposed to the resolution in question, had taken some course less likely to expose them to suspicions injurious to themselves and to the party of which they have long been eminent and honored members."

But the C. and E., with scarcely less respect for the seceders, goes on to say that their course will do no harm to the ticket:

> "Deeply regretting, as we do, this unlooked-for symptom of dissention, we rejoice most heartily that it will not interfere with that thorough and zealous support of the Whig ticket which is essential to success."

The New York Mirror, an original Taylor paper, applauds the course of the minority, in refusing to assent to the anti-slavery agitationism of the resolutions, and thinks that if the nominees of the convention "are known to distinctly disavow" such doctrines, they ought not to be deserted by National Whigs "because nominated by those who passed such resoltions."

Sale of City Lots.—The proposition of Alderman Bartol, in the Common Council, Monday evening, for the sale of the Lots, *claimed as city property*, was endorsed by our junior, yesterday, and the passage of the ordinance reported by Alderman B., warmly advocated. In the expression of this opinion, our junior spoke his individual sentiments on that measure, to which we not only dissent with *in toto*, but feel called upon by the highest consideration for the interests of San Francisco, to *oppose* such alienation of the public domain with all the power we possess. It is in no small degree due to the *Pacific News* that the public property was not given away to speculators last spring; and now that illegal issues of scrip have been made to an enormous amount, and the holders are clamoring to exchange them for real estate, we are more than ever bound to prevent the consummation of what we can view only as a practical fraud. We shall have more to say about this, anon.

Cholera.—For the twenty-four hours ending yesterday noon, thirteen cases and eight deaths by cholera were reported.

Thanksgiving Festival at Sacramento.

We find in the Sacramento papers, a full report of the Thanksgiving Festival in that city, on Saturday evening, which was participated in by a large number of the Sons of New England, and others. A sumptuous bill of fare was prepared by the proprietors of the Columbia Hotel. The *Transcript* says, "down the two sides of the room the long tables were set, and a cross table was laid, at which were the President of the evening, the Vice Presidents, (one from each of the New England States, and one from California,) the Toast Master, His Excellency, Peter H. Burnett, Governor of the State, and the other invited guests."

The following were the officers who presided on the occasion:

President—R. N. Berry.

Vice Presidents—Cyrus P. Whittier, Maine; Jesse Moore, M. D., New Hampshire; John F. Morse, M. D., Vermont; Barker Burnell, Massachusetts; Edward F. Northam, Rhode Island; Seth Kneeland, Connecticut; J. S. Fowler, California.

Toast Master—J. W. Cartwright.

The President, on taking the chair, acknowledged the honor in an appropriate manner, when the Toast Master read the following Regular Toasts:

1. The Union. Music—"Home, Sweet Home."
2. The President of the United States. Music—"Hail Columbia."
3. State of California—the last child of the Union, but not the weakest. Music—"Star Spangled Banner."
4. Our beautiful City of Sacramento. Music—March from Figaro.
5. The first Governor of the State of California. Music—The "Governor's March."

The last toast called out Gov. Burnett, who responded in a brief and appropriate manner. Songs, speeches and toasts followed, and from among the latter, we clip the following:

By Mr. Northam:

> The old Union of 13 States, and the present Union of 31 States—The numeral numbers have been changed, reversed—the principles, never!

By Mr. Berry:

> Tennessee—The birth-place of Hugh Lawson White and Andrew Jackson; on her soil rest their remains.

Governor Burnett responded in behalf of Tennessee.

By Dr. Briarly:

> California—The thirty-first star in the azure field of our glorious stars and stripes: May the old adage of "there's luck in odd numbers" ever be exemplified in her.

By Mr. Haskell, ex-President of the Mercantile Library Association, Boston:

> The Sons of New England—Wherever they may roam in search of fortune or advanture, may they return to the rude and rocky shores of New England with a still stronger love for her homes and institutions.

The President then called out Mr. F. M. Pixley, of Michigan, who responded appropriately, and concluded with the following sentiment:

> California—the infant State; just such an infant as sprang from the head of Jupiter, full-grown and well armed.

The State of Ohio was then toasted. Mr. Isaac Young, of Ohio, gave in response, the following toast:

> May the golden sands of the Eureka State never be exhausted until the enterprising nations of the human family get a sight at the elephant.

Mr. Barker Burnell arose and offered:

> "The North and the South—United they stand, divided they fall."

The President then proposed the health of the Hon. John Bigler, Speaker of the Assembly of the first Legislature of the State of California.

Mr. Bigler's speech was admirably conceived and eloquently delivered. After he had been interrupted several times with rapturous applause, he concluded with the following:

> The State of California—Rich in her mineral resources, rich in her commercial and agricultural advantages; her people unsurpassed in energy of character, intelligence, enterprise and sincere devotion to the American Union.

By Mr. E. Barroll:

> Aunt Mary—Although old, yet still beloved: Maryland.

Dr. Deal arose and responded to a toast in a graceful and eloquent speech. His toast was—

> Plymouth Rock, and the Gold-Bearing Rock of California—The first, the stepping-stone to freedom for our sires; the second reserved as the reward of Freedom's sons; they will use it to extend the area of "freedom to worship God."

Mr. F. C. Ewer, after a few remarks, offered the following sentiment:

> The Re-union of our Families in New England at the Thanksgivings of this Year—Would that we could have "popped in" upon them for only one day, and caught them in their social merriment.

Dr. Deal then gave—

> California's Want—The Mothers, Sweethearts and Wives we left behind us.

Mr. L. M. Booth made a few remarks, and closed by giving the following:

> The New England Fair—Lovely as maids, amiable as wives; their charms are only excelled by their virtues.

Mr. O'Brien, one of the proprietors of the Columbia Hotel, gave—

> May Ireland be as she wishes to be, England as she ought to be, and America as she is.

Hobart Town Intelligence.

By the arrival of the bark "Maid of Erin," yesterday, we are in possession of files of Hobart Town papers to Aug. 31st. The intelligence contained in them possesses no very particular interest.

The citizens were about holding a public meeting to protest against the further transportation of convicts to Van Dieman's Land, which is still being done, in violation of her Majesty's promise to the contrary.

The bark Duchess of Clarence, the ships Chasely and the Barretto Junior, were to leave for this port in a few days.

A public meeting, called by the Bishop of Tasnama, had been held, for the purpose of taking measures to facilitate the project of Sidney Herbert, for the emigration of young women who cannot obtain adequate employment in the crowded population of Great Britain.

Active preparations were making to forward a large number of articles for exhibition at the World's Fair, in London, which opens May 1st, 1851.

"Coming Events," &c.—Our evening cotemporary has a strong squinting towards whiggery. The desertion of the neutral ground by a Sacramento cotemporary, seems to give the *Pic.* a lonesome fit, and we should not be surprised to see it come out square-toed whig ere long.

Sacramento Democratic Convention.

The Democratic Convention for Sacramento County met in pursuance to previous notice, at the Court House, in Sacramento City, on the 30th of Nov., A. D. 1850.

Col. Benjamin Lyons, of Mormon Island, was called to the Chair, and Clement D. Hebb and Presley Dunlap appointed Secretaries, *pro tem.*

On motion of W. C. Kibbe, Esq.,

Resolved, That the Delegates present their credentials.

Whereupon, the following delegates presented themselves, to wit:

1st District, Sacramento City: James R. Hardenburgh, W. C. Kibbe, R. Raynes, W. S. Long and C. A. Johnson.

2d District, Sacramento City: W. Arnold, T. Givens, Benj. McCulloch, B. F. Tarr and P. Dunlap.

Sutter: Oscar Hinman and James A. Hopkins.

Brighton: W. G. Lewis.

Negro Bar: James L. Bottles, Clement D. Hebb and P. B. Hopkinson.

Mormon Island: Benj. Lyons, S. B. F. Clarke, Samuel Hawkins and Dallas Knaess.

On motion of C. A. Johnson,

Resolved, That a committee be appointed to report officers for the Convention.

Whereupon Messrs. W. C. Kibbe, S. B. F. Clarke, W. S. Long, C. A. Johnson and Oscar Hinman, were appointed as said committee.

On motion of B. F. Tarr,

Resolved, That a committee of one from each district in the county be appointed to report resolutions and an address to the Democracy of the county.

And B. F. Tarr, S. B. F. Clarke, C. A. Johnson, James A. Hopkins, M. G. Lewis and B. Hopkinson were appointed as said committee.

Resolved, That the Convention adjourn until half past six o'clock, p. m.

Convention met pursuant to adjournment, and was called to order by the chairman.

Whereupon the committee reported the following officers for the convention, to wit:

President: Col. Benj. Lyons.

Vice Presidents: James R. Hardenburgh, A. D. Patterson, Wm. Arnold, M. G. Lewis, —— Quimby and J. S. Battles.

Secretaries: Presley Dunlap, James A. Hopkins.

On motion, the report was adopted.

On motion of C. A. Johnson,

Resolved, That delegates proceed to ballot for a candidate; whereupon the following named persons were nominated, viz:

John M. McBrayer, F. W. Thayer, H. A. Schoolcraft, Vincent E. Geiger, and John S. Fowler. And on the fifth ballot, Vincent E. Geiger was declared duly elected.

On motion of W. C. Kibbe,

Resolved, That Vincent E. Geiger be declared unanimously nominated.

Resolved, That the Chair appoint a committee of one to apprise Mr. Geiger of his nomination.

The Chair appointed W. S. Long as said committee.

Whereupon B. F. Tarr, chairman of committee, reported the following address and resolutions:

Fellow Citizens:—In presenting to you the name of a suitable person to represent us in the councils of the State, and become the exponent of the principles and policy of the great Democratic party, we deem all apology unnecessary, and sincerely believe you will hail with the greatest satisfaction the arrival of the era in our history, when you will come again to the ballot-box, and again assume the political position you occupied in the older States from which you came.

It is unnecessary on this occasion to offer any argument in favor of the support of Democratic principles and the election of a Democratic representation; it is enough to say, that the Democracy has held the reins, and controled the destinies of our free and happy country from the period of its organization as a government of the people, up to the organization of the present National Administration—with the exception of the eight years of the two Adamses, and thirty days under Gen. Harrison—that no Democratic President, except Mr. Van Buren, has ever failed of a re-election when a candidate the second time; that no Whig President has ever been sustained by a vote of the people; that Democratic Presidents have ever been elected upon distinct issues, well understood, and as the advocates of well defined principles and policy; that no Whig President has ever been elected without abandoning his principles and party, and mounting the contemptible hobby of no party; that every measure of the Democratic party has met the approbation of the people; that no measure of the Whig party has ever been so approved. The Bank, the Bankrupt Law, Protective Tariff and Distribution, have all been condemned by the country and repudiated by the party itself. Argument, then, is unnecessary to induce you to support the party whose measures have been so well tried, so highly approved, and so conducive to the happiness and prosperity of the people. It may not, however, be improper to say, that the Whigs, though pretending to eschew all party distinction in California, are now claiming a majority in the Legislature, and boldly declare their intention to elect a Whig to the United States Senate; which they will certainly do if their political strength is sufficient to give them the power. You will, therefore, see, and fully appreciate, the importance of electing a Democrat to fill the vacancy occasioned by the death of the lamented L. F. Dunlap, Esq. As a candidate to fill such vacancy, we present, for your suffrages, our fellow-citizen, VINCENT E. GEIGER—a sound Democrat and a gentleman—in whose ability and fidelity you can safely confide.

Resolved—That in a government of the people, it becomes the duty of every citizen to exercise that high prerogative belonging only to freemen, which is the only method by which he can impress upon the institutions of his country, his political opinions and preferences.

Resolved—That the admission of California as a State into the Union, is a fit and proper occasion for the organization of the Democratic party, according to its old and established usages, for the maintainance of those great principles for which we have so long contended, and which have given stability to the government, and happiness and prosperity to the people of a great and prosperous nation.

Resolved, That it is with pride and a reflection of conscious political duty, that we again throw out to the breeze the good old Democratic Flag, and invite you to rally under its ample folds.

Resolved, That here, in California, though far distant from our political brethren on the other side of the mountains, we are alike opposed to the Federal Bank and the Whig Tariff, and that we hail with unfeigned pleasure, the news which is borne to us by every steamer, of the succession of Democratic triumphs in the old States, especially those of Pennsylvania, Ohio, and Maryland.

Resolved, That we have a high regard for our political opponents, and as they acknowledge the unfitness of their principles for our new State, we cordially invite them to try ours, and vote the ticket here presented—thereby proving the sincerity and consistency of their professions, so often made, of opposition to party distinctions.

Resolved, That we will use all honorable means in our power to elect the nominee of this convention.

Resolved, That we *can* and *will* elect a Democrat to represent Sacramento county in the Assembly.

Resolved, That a Democratic Central Committee be appointed, consisting of one member from each precinct, to wit:—C. A. Johnson, B. F. Tarr, S. B. F. Clark, G. Lewis, Oscar Hierman.

On motion of B. F. Tarr,

Resolved, That the true policy of all free governments is the division of lands into small lots for settlement and cultivation, and that we still adhere to the old Democratic doctrine of pre-emption rights to actual settlers.

Resolved, That the homestead exemption is in strict conformity with Democratic principles, and is a part of our creed.

Resolved, That we are opposed to the appointment of a Commission to settle the claims to lands in California, and believe that provision should be made for the settlement of these claims in the United States Courts as early as possible.

On motion of S. B. F. Clarke,

Resolved, That we are decidedly opposed to the bill laid before the last Congress, which assesses a tax upon American citizens for permits to work in the mines, and sends a set of hungry cormorants, under the name of Superintendants, as mining overseers, to devour the hard earnings of those who dig the gold.

Resolved, That we are opposed to any legislation whatever by the Congress of the United States, regulating mining operations in California, knowing that the only source from whence can emanate any salutary laws or rules are those who by their practice know their necessities, and believing that the true Democratic doctrine and policy is to leave it as heretofore to those who not only know their wants, but are capable of administering to them.

On motion of W. C. Kibbe,

Resolved, That we are opposed to the increase of the present Tariff as proposed by the Whigs in Congress—believing, as we do, that it will materially increase the cost of all the actual necessaries of life, as well as every other article required by our people in their various occupations.

Resolved, That we regard the increase of the Tariff as designed for the protection of the wealthy manufacturer, at the expense of every other interest of the country—including, of course, the mining interest of California; and we therefore feel called upon to denounce this Whig measure as one which cannot fail, if adopted, to have a most blighting influence on the cherished interests of the new State.

Resolved, That we, as Democrats, are decidedly opposed to the increase of tariff taxation, proposed and advocated by the Whigs in Congress, for the reason that it must inevitably curtail, to a great extent, our trade with China, Chili, the Sandwich Islands, and other important commercial countries—and, of course, seriously affect the infant shipping of California.

Resolved, That the establishment of a branch of the United States' Mint in the city of Sacramento, is a measure of vital importance to the State at large, and ought to be urged upon the attention of Congress, with unfaltering zeal and determination.

Resolved, That the interests of the Democratic party require the immediate establishment of a democratic press in Sacramento city; and that we will use every effort to bring about a result of so much importance to the Democratic party.

On motion,

Resolved, That a mass meeting of the Democracy of this county be held at the Orleans House, in this city, on Wednesday, the 4th of December, 1850, at 7 o'clock p. m., to ratify the proceedings of the convention.

On motion,

Resolved, That this Convention do now adjourn.

Latest from the Umpqua.—In conversation with two gentlemen from Astoria, who arrived on Monday, we learned that a vessel (supposed to be the Kate Heath, which sailed from this port, in the latter part of September,) had arrived some weeks since, in Umpqua River, and that the immigrants were rapidly pouring into the Umpqua Valley, from the Willamette country, as well as from the Plains. Many settlers who had taken claims on the Tualita and Clatsop Plains, had "pulled up stakes" for the Umpqua, and some hundreds of over-land immigrants had followed the advice given them by the officers of the United States' troops, who fortunately marched to their relief on the road between the Cascades and the Dalles, to settle in the Umpqua country.

The report of the loss of the Bostonian has not been confirmed. As the Kate Heath is now fully due, we may soon expect a further report from that interesting and beautiful region.

SAN JOSE. SAN JOSE.

BERFORD & CO'S LINE
OF EXPRESS MAIL STAGES,
HALL & CRANDALL, PROPRIETORS,

ARE now running every morning to San Jose, leaving Breford & Co's office, in the Plaza, at 8 o'clock, A. M. and the City Hotel, in San Jose, at 7 o'clock, A. M.

The reduced rate of fare puts it in the power of every one to visit the beautiful and healthful valley of Santa Clara. There is no more charming drive in California than that from San Francisco to San Jose, and as one is whirled rapidly through the oak openings and across the level plains under the skilful driving of Professors Dillon or Crandal, who drive their own coaches, he finds that pleasure is united with business, and wonders he has never made the trip before.

The great advantage this line possesses over all others, is that the Stages were bought expressly for the road, and with a particular attention to SAFETY, while the drivers, who have served a long apprenticeship from New England to Mexico, make the QUICKEST time and NEVER MEET WITH ACCIDENTS, which are so likely to occur with the old fashioned stage coaches. We invite our friends to give the line a trial. n7tf BERFORD & CO.

CUNNINGHAM'S WHARF.

FOOT OF BATTERY STREET—This wharf is now in order, and having twenty-six feet of water at its end, and sufficient at its side for the largest class of vessels, offers great inducements for them to land there, as by so doing, they will be able to discharge in one half the time and at much less expense than they would be put to it lying in the stream. Consignees will also find it greatly to their advantage to have their goods discharged at this wharf, as by this means they avoid all risk of damage consequent upon lighterage, and receive their goods in much less time and at about half the expense they would if delivered in the stream. A spacious shed and fire-proof building are connected with the wharf, in which goods will be stored at the lowest rates, in such a manner that samples can at all times be taken. Goods landed or stored on this wharf will have the advantage of being shipped by first class steamers to Sacramento city and the mining districts, free of all charges of cartage. Rates of dockage and wharfage, which will be low, will be made known by applying to the subscriber.

CHEAP PLEASURE EXCURSION.

This line is furnished with the best stages and horses the country can produce, and carries passengers through the whole distance—60 miles, in about Six hours.

The Proprietors have reduced the rates of fare so as to enable all who desire a trip over one of the most beautiful roads in the world, to do so at a very small expense, and hope thereby to receive such patronage as the enterprise merits. The climate of San Jose being one of the most healthy in the country, is highly recommended to invalids exclusive of the pleasure of the Excursion.

STATE LAW.

AN ACT to Establish Pilots, and Pilot regulations for the Port of San Francisco.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

§1. It shall be the duty of the Governor to appoint two resident Merchants, and two experienced and resident Ship Masters, who, together with the Harbor Master of the Port, shall constitute a Board of Pilot Commissioners for the Port of San Francisco.

§2. The persons thus appointed shall take an oath for the faithful discharge of their duties, and shall hold their office for the term of one year, and until their successors are appointed and qualified.

§3. The Commissioners shall keep an office at San Francisco, and shall meet therein on the first Monday of each month. A majority shall constitute a quorum for the transaction of business.

§4 They shall appoint a Secretary, who shall hold his office for one year. He shall give bond, with security, to be approved by the Commissioners, payable to the State of California, in the sum of ten thousand dollars; conditioned for the faithful discharge of his duty, which bond shall be filed in the office of the County Clerk, and be for the use of the party aggrieved.

§5. The Commissioners shall make By-Laws and Rules for their own government, not inconsistent with the provisions of the laws of this State or the United States.

§6. The Commissioners shall have power to purchase an iron safe for the keeping of money, papers, books, or other things of value belonging to their office.

§7. It shall be the duty of the Secretary to keep correct minutes of all the proceedings of the Commissioners, in books provided for that purpose. To receive all money, and pay out the same when ordered so to do by the Board, and shall register the names of all Pilots, with the date of their licenses. These registers and books shall always be open to public inspection.

§8. He shall keep a monthly record of the arrival and departure of the pilot boats, names and residences of all pilots, and to perform such other duties as the Board may direct.

§9. Tee Secretary shall receive for his compensation, such sum as the Commissioners may deem just.

§10. Neither the Commissioners or the Secretary shall have any interest, directly or otherwise, in any pilot boat, or the earnings thereof.

§11. The Commissioners shall have power to appoint, in the manner prescribed in this Act, such number of pilots for said port as they may deem necessary.

§12. Persons applying for licenses to act as pilots for the port of San Francisco, shall be American citizens, and not under the age of twenty-one years, and in presence of one or more licensed pilots shall be rigidly examined by the Commissioners, touching their qualifications, concerning their knowledge of the management of square-rigged vessels, of the tides, soundings, bearings and distances of the different shoals, rocks, bars, and points of land, and night lights of the Harbor and Bay; and if deemed to be qualified, shall receive a license as a pilot, which shall expire at the end of twelve months.

§13. Every licensed pilot, previous to entering on his duties, shall give bond to the amount of five thousand dollars, payable to the State of California, for the faithful discharge of his duty, which bond and security shall be approved of by the Commissioners, and shall be filed in their office.

§14. The Commissioners shall have full power to suspend pilots, or revoke their licenses, on proof of incapacity or misconduct.

§15. As soon as a sufficient number of pilots are associated to keep a boat, such boat shall be numbered by the Commissioners, in the order of application, and her name and number duly recorded by the Secretary, and such number shall be distinctly painted in black letters, to be at least two feet long, and above the balance reef of the foresail of such boat; the pilots shall then select one from their number, whose duty it shall be to make reports to the Commissioners.

§16. On the first Monday of every month, the person so selected shall pay over to the Secretary the amount of per centage assessed by the Commissioners for the purpose defined in this Act, and report the names of the vessels, and the amount received from each, verified by his signature.

§17. Every pilot, on boarding a vessel, when required by the master thereof, shall exhibit his license to such master, and on refusal so to do, shall be liable to a penalty of fifty dollars.

§18. Any pilot absenting himself from his duty for more than two months, except on leave granted by the Commissioners, or by sickness, shall be considered as having forfeited his license.

§19. In case a pilot does not apply at the end of the time for which his license was granted, for a renewal of the same, he shall be considered as suspended.

§20. If any licensed pilot shall become intoxicated whilst having charge of any vessel as pilot, he shall be suspended or dismissed, as the Commissioners may elect.

§21. Not more than six pilots shall be in copartnership, or interested at any one time in the business of piloting, and for any infringement of this section, shall be subject to such penalty as may be determined by the Commissioners.

§22. The Commissioners may require pilots to renew their bonds and securities whenever it is deemed necessary and they may take away the license of any pilot for wilful infringement or violation of their duty, or negligently losing any vessel, or for mental derangement, or habitual drunkenness: *Provided*, due notice in writing be given to such pilot, and an opportunity be afforded him of being heard in his own defense.

§23. For carelessly or negligently losing a vessel, on conviction thereof, the pilot having charge of said vessel at the time, shall be incapable ever after of acting as pilot, and shall moreover be liable for damages on his bond. If a vessel be run ashore by a pilot, no pilotage shall be charged, and if negligently done, the pilot shall be liable for all damages.

§24. It shall be the duty of every pilot in charge of a vessel arriving in the harbor, to have the vessel safely moored, in such position as the master of the vessel, or Harbor Master of the port may direct.

§25. When complaint is lodged with the Commissioners against a pilot, for misbehavior or neglect of duty, it shall be reduced to writing and sworn to. Notice thereof must be then given to the pilot, and he shall be notified to appear within fifteen days to answer the complaint. If the answer be not satisfactory, he may be fined not exceeding five hundred dollars, or deprived of his license, at the discretion of the Commissioners. An appeal may be made by the pilot within fifteen days from the decision of the Commissioners, to the County Court of the County of San Francisco.

§26. Each and every pilot boat shall keep on board a journal, noting in detail all incidents of weather, and all discoveries which may be made of rocks, shoals or bars, in the Bay of San Francisco and vicinity, such as may be considered dangerous to navigation. False entries therein shall subject the parties offending to fine or loss of license, or both, at the discretion of the Commissioners. And the said journals shall be open to the inspection of the Commissioners.

§27. No persons, except those licensed by the Commissioners, shall pilot vessels in or out of the harbor or bay of San Francisco, for hire, under penalty of five hundred dollars for each and every offence. This penalty is not incurred when the master of a vessel acts as his own pilot, or in case of distress.

§28. Applications for pilots for vessels outward bound, shall be made at the office of the Commissioners; the secretary shall then direct a pilot to such duty, giving preference to the pilot who brought the vessel in; and a pilot refusing or neglecting, shall be fined not exceeding five hundred dollars, or suspended, according to the discretion of the Commissioners.

§29 The Commissioners may make all needful rules and regulations for the government of the pilots, and establish penalties for the breach thereof, and shall prepare printed instructions for pilots, and furnish each of them with a copy of such rules, regulations and instructions, together with a copy of this Act.

§34. The pilot first offering his services to any vessel shall be entitled to half pilotage, though his services may be rejected: Provided, that all vessels engaged in the coasting trade of this State or Oregon, not exceeding one hundred and seventy-five tons burthen, shall not be liable to the provisions of this section.

§35. Pilots blown off or carried to sea against their will when a boat is in attendance to receive them, shall be entitled to receive the sum of eight dollars per day while absent, which if not paid by the master or owners, shall be collected from the consignee or consignees, or either of them.

§36. The master, owner, or consignee of any vessel to whom any pilot may have rendered upon request of either of them, any extra service for the preservation of such vessel while in distress, shall pay such pilot in addition to his regular fees, such amount as the Commissioners shall determine to be a reasonable and just reward: Provided no special agreement shall have been made between such master, owner, or consignee of such vessel and the pilot.

§37. A pilot boarding any vessel having a signal for a pilot, shall be entitled to receive full pilotage.

§38. The Most Wonderful Feat of the Morse Telegraph.

Yesterday, the proclamation of the Governor of Georgia, over a thousand words, was received at the office of the Washington and New Orleans Telegraph, in this city, direct from Macon, a distance of eleven hundred and seven miles! This has been accomplished by the valuable improvement recently patented by Charles S. Bulkeley, Esq., the Inspector of the Washington and New Orleans line; and it is confidently believed that so soon as "Bulkeley's Connectors," as they are called, shall be applied to the stations between Macon and New Orleans, there will be like facility and certainty in communicating to and from that city. Arrangements are in progress to establish similar connection with the Washington and New Orleans line, and the line of the Morse Magnetic Telegraph Company, and to work the whole as one line direct to and from Baltimore, Philadelphia and New York. When these connectors are placed on the lines from Halifax to New Orleans, time and space will be annihilated.

The mysteries of the telegraph are developing themselves every day. Who would have thought, even three years ago, that a wire, covered and guarded with India rubber, might be dropped at the bottom of the English channel, and stretched from the British to the French shore, and communications of mind effected by its interposition from one side of the channel to the other? Already the idea has become expanded, so as to extend across the Atlantic. Before this right hand may wither in the grave, this prodigy may be accomplished, and the American and Englishman may converse 3000 miles apart. But even this may not be the limit of the miracle. The speculative men of England are already talking of belting the globe with the magic wire.

Prodigies also arise in another quarter. The communication between England and the United States formerly required nearly thirty days, in the best packets, for passing the news from one side of the ocean to the other. Now, how stands the fact? Steam is working the most wonderful effects. Passages are becoming shorter and shorter, until it is impossible to predict the shortest period to which they may be limited. Who would have dreamed, a few years ago, that the Pacific steamer could cross from Liverpool to New York in ten days, four hours, and a few minutes?—the shortest passage that ever was known. And is even this to be the limit of the achievement? By no means. Already we hear it predicted, that with the aid of larger and more ponderous steamers of 6000 tons, with wheels of greater circumference, and of course greater power, the enormous vessel may pierce the waves instead of springing over them, going a more direct line instead of the wavy one, and the voyage may be completed within a week. We leave it for futurity to solve the amazing problem. —[Washington Union.

Webster on his Knees to Spain.

Col. Campbell, whose conduct as Consul at Havana, during the recent Cuban troubles, was the admiration of the country—who, surrounded by spies and assassins, faithfully and fearlessly discharged his duties, as b came an American citizen and officer—has been removed from his Consulship. It is true, he has received a little trumpery Indian Agency, as a salve to the injury inflicted upon him, which is worth perhaps, a thousand dollars a year, while the Consulate is worth $8,000. This is the manner in which the Administration rewards its public officers. Every one who has been called upon to act, or has acted efficiently, has been degraded—Clay, Minister to Portugal; Squier, to Central America, and now Mr. Campbell! Had any British officer acted with the efficiency of either of these gentlemen, promotion, a pension, and probably knighthood would have been conferred upon him.

It is humiliating to witness this course of conduct on the part of our Government; it brings a blush to the cheek of every true American. The effect will be to paralyze the efforts in behalf of their country, of our representatives abroad, and make them all, what too many already are, mere *cyphers*. Not only so, it will place us nationally, in the character of sneaks and poltroons before the world. It is time we should assume the position which we are entitled to occupy among nations. Fortunately, however, the conduct of the administration meets no favor with the people, who will hereafter take good care that the *American spirit* shall be fairly represented in the Government. Webster and Fillmore have Tylerized themselves and home, and disgraced themselves abroad already, they are rapidly getting in that position where there will be "none so poor as to do them reverence." We suppose Col. Campbell's removal is in deference to the representations of the Count of Alcoy, as Mr. Squier's was to those of the meddling Bulwer. The wishes of these worthies, it seems, weigh more with Lord Daniel Webster, than the wishes of the American people! [N. Y. Sun.

Suffrage in the Sandwich Islands.—The right of suffrage having been granted to the people residing in the Sandwich Islands, an election is to take place on the first Monday in January, for members of a Legislative body, termed the Parliament. The Honolulu Times congratulates its citizens upon the attainment of this great privilege, and hails the event as auspicious for the future growth and prosperity of the country. We have not seen the law prescribing the right of suffrage, and do not know precisely how far it extends, but believe that it embraces all, both native-born and foreign, who have resided on the Island for a specified period. An adopted Hawaiian, writing upon the subject, says that this is the long wished for opportunity to engraft a vigorous shoot of Anglo-Saxon energy upon the less thrifty tree of Hawaiian legislation, and that it is sincerely to be hoped that the friends of progress will not supinely suffer the precious time to pass without taking some vigorous steps in the matter.

Twenty-three persons are to be elected, and a vigorous effort will be made to secure as many of this number out of "the universal Yankee nation" as possible. As is very justly remarked, the greatest objeccion to Hawaiian government, Hawaiian legislation, and the administration of justice in Hawaiian courts is, that they have long been behind the age.

Queen City of California.—A Marysville correspondent of the Boston Daily Journal, under date of August 25th, says:

"I write, you see, from Marysville, or, as it is sometimes called, the "Queen City of California." The summer, thus far has not proved to us to be above that important point, *the head of navigation*. The town has constantly been increasing in importance in consequence; the memory of the "oldest inhabitant" places the most of it above high water mark too, and when next winter's experience prove this to be true, she will truly wear the crown as the Queen City, especially if the people of Sacramento fail to build a perfect levee all around their city before the rains set in."

Population of Milwaukie.—The census of Milwaukie shows a population of *twenty thousand and twenty-six*. In 1834, only sixteen years ago, Solomon Juneau was the sole white male inhabitant of the town. In the spring of that year, the first frame building was put up there. Even in 1840, but ten years ago, Milwaukie could only number seventeen hundred inhabitants.

§2. Any such contractor, journeyman, or laborer who may be employed in the construction or repairing of any building or wharf, or in furnishing any materials for the same, may give to the owner or owners of the building or buildings or wharf on which he may have worked, or for the construction of which he may have furnished materials, notice in writing, particularly setting forth the amount of his claim, and the service rendered, for which his employer is indebted to him, and that he holds said owner or owners responsible for the same; and the owner is hereby made liable for the amount so claimed, if indebted to the employer to the amount; if not, then to the amount due from him to said employer at the time such notice was served.

§11. Any person failing or refusing to enter satisfaction, when required so to do, by the preceding section, shall forfeit and pay to the party or parties aggrieved the sum fifty dollars for each day during which he shall so fail or refuse; to be recovered in the same manner as other debts are recovered.

§13. Any Mechanic or artisan who shall make after, or repair any article of personal property, at the request of the owner or legal possessor of such property, shall have a lien on such property so made, altered, or repaired, for his just and reasonable charges, for his work done and materials furnished; and may hold and retain the possession of the same until such just and reasonable charges shall be paid; and if not paid for in the space of two months after the work shall have been done, such mechanic or artisan may proceed to sell the property by him so made, altered, or repaired, at public auction, by giving three weeks' public notice of such sale, by advertisement, in some newspaper published in the county in which the work may be done, or if there be no such newspaper, then by posting up notices of such sale in three of the most public places in the town where such work was done; and the proceeds of such sale shall be applied, first, to the discharge of such lien, and the costs and expenses of keeping and selling such property, and the remainder, it any, shall be paid over to the owner thereof.

KLAMATH GOLD MINES,

RIVER and Town—One of the most extensive fields for speculation at present in California.

The attention of the public is now called to this very important part of California. The town of Klamath is situated on the bank and at the vicinity of the mouth of a river, upon the numerous tributaries of which the most productive and extensive gold mines have been discovered as any now in existence in California. The Harbr, (at the upper end of which, this beautiful town site is situated) is both commodious and secure, and possesses the very superior advantage over all the other ports upon the coast between the Columbia river and San Francisco, of a perfectly safe entrance. The river is a magnificent stream, and navigable for steamers, according to the opinion of steamboat captains and others in every way competent to judge of the matter, at least 70 miles up; at, and even below which point, these very rich gold mines commence. Merchants and capitalists who are desirous of realizing a handsome profit upon their goods and an enormous return for their capital, cannot enter into a better speculation, or make a more safe investment of their means in any part of California, from the fact that there are at present about 2000 miners at work upon this river and its tributaries; and there is every reason to believe, from the numerous satisfactory statements of the miners, relative to their success during the last year, that next year there will be many times the number. The immediate rush to these mines from all parts will be immense, and in fact almost unprecedented; and this town, which may be said to be adjacent, in consequence of the water communication into the very heart of them, must, and will undoubtedly be insured a speedy and almost magic growth, and by this time next year, will be a very respectable rival to, (if no totally eclipsing) Sacramento and Stockton. Miners who have, during the last summer expended to such a deplorable extent their useless toil and labor in the southern mines, and have actually lost money in the place of making it, by the unsuccessful and numerous damming operations, and the scarcity of gold there, are strongly recommended to turn their attention to these mines, as the average amount dug last year, putting it at an infinitely lower estimate than from the statements of the miners we would be warranted in putting it, one ounce per day to the man. This alone is sufficient to justify the opinion that there is ample room for more, and when it is taken into consideration that not over one-tenth part of the gold region has as yet been explored, the certainty of room is rendered beyond doubt. The enormous tax upon the miners for packing of provisions, will next year be effectually obviated by the aid of water communication, which extends into the very heart of the mines. Goods can be taken from the deck of steamers by the miners, in the place of the pack-saddle of the mule, and provisions now furnished at an expense of $1 50 for the mere packing, can be afforded for ten cents, thus enabling the miner to lay by the fruits of their labor, instead of expending so great a quota for subsistence. To persons wishing to invest capital to an advantage in town lots, an almost unparalleled money making speculation is now open; as lots at the present time can be procured at a comparatively low figure, and the price that they will be disposed of next Spring will be high. Arrangements have been made for a steamer to ply between the town and the mines, which will warrant to miners the supply of provisions forthwith.

A map of the town and river can be seen at Messrs. Schultz & Palmer's, foot of Jackson street; at Bullett & Patrick's, corner of Jackson and Sansome streets; and at Worthington, Beale & Bunting's.

Any required information respecting the Mines, River, Town and Harbor, by application to Mr. John Gray, at Messrs. Schultz & Palmer's, or to Mr. T. Bunting, at the firm of Worthington, Beale & Bunting, on Montgomery street. o16

For admission, apply at the Hospital, to the Resident Physician.
